

Revision Checklist – Paper 1 (Physical Geography)
Section 2 Option B: Coastal Systems and Landscapes

Topic		Notes	😊	😐	😞
Systems and Processes in Coastal Landscapes					
1.1	Sources of energy in coastal environments				
1.2	Sediment sources, cells and budgets				
1.3	Coastal processes				
Coastal Landscape Development					
2.1	Landscapes of coastal erosion				
2.2	Landscapes of coastal deposition				
2.3	Estuarine mudflats and saltmarshes				
2.4	Sea level change				
2.5	Coastlines of emergence and submergence				
Coastal Management					
3.1	Hard engineering				
3.2	Soft engineering				
3.3	Shoreline management				
3.4	Integrated coastal zone management (ICZM)				
Case Studies					
4.1	Case Study of a local coastal area in the UK				
4.2	Case Study of an international coastal area
